May 22, 4: California Board of Accountancy. See the box on the left for more information. Enter "GAAP" as search term. The new computerized CPA exam includes one or two case study simulations in each section, approximately minutes in length, that will require candidates to perform research activities, use common spreadsheet and word processing functions, and use a financial calculator or spreadsheet to perform financial calculations. One other thing I noticed about the content is there are a ton of simulation problems, versus just a handful in earlier software versions.

Your recently viewed items and featured recommendations. He has taught for simulations I found were a little buggy.
