See and discover other items: Shopbop Designer Fashion Brands. Elsevier Science; 1 edition November 14, Language: The book concludes with a chapter commenting on the role of wetting behaviour. Would you like to tell us about a lower price? The natural world provides us with a multitude of examples of materials with durability, strength, mechanisms of programmed self-assembly and biodegradability. This book emphasizes the chemical aspects of this science, and therefore the book focuses on the study of three sub-groups of structural biological materials:
