Accompanied by an introduction that explains the origins, history, and literary value of this curious text, this volume also reproduces twenty woodcuts from the version. One of the most popular and widely read books of the Middle Ages, Physiologus contains allegories of beasts, stones, and trees both real and imaginary, infused by their anonymous author with the spirit of Christian moral and mystical teaching. University of Chicago Press Bolero Ozon.

Alexandriaallegoryancientant-lionApostleappearsAristotleAristotleLawrence rated it it was amazing. I read it with an anthropological eye, wanting to learn how an old tales, heard by christian authors or a single author were re-interpreted and intertwined with christian morality.
