After installing the TOR software, you can connect to the dark web and use the built-in browser to search the dark web for anything you want. Why should the deep web be of interest to you? That link will take you to a directory of darknet websites if you have Tor installed; if you don't, then it is completely inaccessible to you. I have used the tor network for years I remembered the movie Look At The Dark Runner, in the near future, you could accomplish things that can not be imagined today!
