Stones that may rekindle their dying faith and love. Published on October 24,

I cannot recommend this book highly. The book started off slow, but got into it. He develops his characters fully, without rushing, so it's easy to keep up without any confusion. An awesome book that might seem unbelievable but is so true. They might convince the police of her innocence, but Luke won't be so easily fooled.

As for The Face of God, the author did a great job with a unique story and I recommend it. The author also writes about angels and demons and gives insight into one of the ways the author sees their interaction in humans lives. Published 10 months ago.
