Blood Hunt by Jack Harvey Pseudonym. The action in this one was intense! Mystery and intrigue always follow Ian Rankin, and this is no different.

There are no discussion topics on this book. Mar 19, Dawn Riley rated it was a waste of time. No character development, implausible plot, and a premise that "chemicals" are poisoning the world. The climax is set in one of the many islands off the coast of Scotland and is a literal cliff hanger like many a Bollywood movies. He joins up with some interesting characters, who while are criminal in their own right, but they have the interesting characters and intrigue in it.
