Nov 24, Mary-Anne rated it did not like it. Magnus and Daenaira are extremely strong individuals, both can not be swayed easily. And those are some of the best scenes in the book.

Great story about Magnus and Daenaira. I get it that there's that cliché for women. I'm not a religious person but this book really worked for me. Still these things were just barely mentioned, it's not like the whole book was only about these things, they were just annoying but I still got to love the book because the characters are great, the plot is amazing and the world building just too interesting to be able to rapture: The Shadowdwellers stop reading about it. It won't rock your world either. Even Tristan and Milaya are having personal problems. Betrayed once before, Magnus can barely bring himself to trust another woman.
