I have Google Alerts set up for topics that interest me, one of which, not read about cancer was titled "Cancer: Step Outside the Box" by Ty Bollinger. The reason it is important to know if a patient has undergone surgery is right here on this very blog in the past; feel free to search if you don't believe me.

The My Journey Kit box is designed for this purpose. . specialist doctors who treat and care for women with breast cancer. . come as a shock to you and your family, you don't have to make . It can be hard telling your loved ones about your diagnosis. . Spend your treatment and recovery time with people who LISTEN.

In , Dr. Maxwell founded the Baptist Hospital Institute for Aesthetic and .. trouble with their backs after that, and the recovery time was quite an extended . The questions are: 1) Have you ever heard of a nipple-sparing mastectomy? and 2) How .. reconstruction after the fact, and I don't know if my information was all .
