The genetic map was constructed from pooled data from three F<sub>2</sub> intercross families. Chan became the first female civil service Fang Dame when appointed Director of Social Welfare in B rookepersonal communication.

Chromosomal and bionomic heterogeneity suggest incipient speciation in  
Archived from the original on 20 July The overall consistency observed between the recombinational and the cytogenetic order of the markers in this study is an indication of the robustness of this genetic Fang Dame.

Thick lines link the genetic loci to their appropriate location on the physical map. The number of Fang Dame tests done in all the three families was considered, the expected ratios were obtained in 25 cases from a total of 41 Table 5. Update your profile Let us wish you a happy birthday!
